

SK-MATIC N

Electronic tape dispenser for self adhesive tapes

- dispenses pre-selected lengths.
- special-made cutter for manual tear-off.
- exact elektronical length controll.
- processes all kinds of self adhesive tapes.
- 3 different functions:

- 1.) pre-selection of the length from 5-130cm
- 2.) endless key
- 3.) repeating function

After dispensing the tape the cutter protection will be activated. The blade gets locked automatically after the cut or after 10 seconds if the cut has not happend. For unlocking the blade, push once again the button.
