Strapping-Set 6, with PET-tape

Strapping made of polyester reinforced textile fibres.

Comparable to steel strapping in terms of resistance.

The band is movable and elastic, holds the loads without cutting into it, does not fray.

Waterproof and resistant to many chemical substances. Temperature resistant from -40 to +125°C.

The tape is tensioned and cut with the tensioning device. The metal clamps are self-blocking.

Strapping made of polyester reinforced textile fibres.

Set consists of:

- tensioning tool for reinforced strapping, width 13-19 mm
- mobile strap dispenser with storage tray for width x core Ø 155 x 76 mm
- 2 spools reinforced strapping 13 mm, length 1100 m or width 16 mm, length 850 m
- 1000 metal clamps 13 or 16 mm

All components can be re-ordered separately!
